

SCIENCE

States of Matter – Solid, Liquid, Gases

- Compare and group materials according to solid liquid or gas
- Explore water and the stages of the water cycle
- Investigate gases and their uses
- Investigate how heating and cooling changes state

Living Things – Animals and habitats

- Recognise that living things can be grouped in a variety of ways
- Explore and use classification keys
- Recognise that environments can change and that this can sometimes pose dangers to living things

MATHEMATICS

- Multiplication and division – times tables
- Factors and factor pairs
- Find the area of shapes
- Fractions – counting, adding, subtracting, quantities
- Arithmetic, reasoning and problem solving

P E

Gymnastics & Dance

- Develop flexibility, strength, technique, control and balance
- Compare their performances and improve
- Perform dances using range of movements and patterns

Specialist Sports Coaching

- Play simple games involving running, jumping, dodging
- Competitive team games using attacking and defending

ART & DESIGN

- Collaboration and community: Festival feasts – Create 3D art using texture and mixed media based on food.

DESIGN AND TECHNOLOGY

- Electrical systems – Making switches
Create an electrical switch using a variety of resources.

Majestic Mountains
